

Conducting a Voter Registration Drive in New Mexico

Voter Registration Deadline

Postmarked 28 days before Election Day

A specific turnaround time applies to voter registration drives turning in applications they collect.
See below.

Getting Started

Training Requirement: A Third-Party Voter Registration Agent training course must be completed before conducting a registration drive. Training is offered by the county clerks and the Secretary of State.

Notification and Registration Requirements: Civic organizations, employees, or volunteers conducting voter registration drives must register with the New Mexico Secretary of State (SOS) and submit a Voter Registration Agent Identification Form, which includes all of the following:

- The names of officers of the organization and the name, telephone number, and permanent address of the organization;
- The names, permanent addresses, temporary addresses, if any, social security number, and dates of birth of each person registering persons to vote in New Mexico on behalf of the organization;
- A sworn statement from each registration agent employed by or volunteering for the organization stating that the agent will obey all state laws and rules regarding the registration of voters on a form that gives notice of the criminal penalties for false registration.

The form may be delivered by mail or fax to the Secretary of State or the county clerk.

All Voter Registration Agents (VRAs) will be issued a personal VRA number by the Secretary of State's office.

Compensation Restrictions: Do not pay registration drive participants based on how many registrations they collect.

State Form: A registered agent will receive a packet of 20 forms and may request, in person, another packet from the Secretary of State or county clerk. State forms include a receipt which must be given to voters upon their completion of the form.

If the Voter Registration Agent (VRA) provided substantial assistance to the registration applicant, then the VRA should put their name and VRA number in Item 10. VRAs must also record their VRA number in the receipt at the bottom of the registration form. Finally, talk to the county clerk's office about their requirements for tracking and logging state voter registration forms. A link to a blank log page is [available here](#). Completed logs must be produced when requesting additional blank voter registration forms from election officials.

Federal Form: Voter registration organizations may use the [federal voter registration form](#).

Photocopying Blank Forms: Blank state forms may not be copied, but rather must be obtained as originals from election officials.

Handling Applications

Incomplete Applications: Voter registration drives may not fill in missing information on a voter registration form without the registrant's consent. Third-party agents must include their VRA number in the appropriate slot and their name on line 9 of the application if the agent helped complete the form.

All forms, complete, incomplete, damaged, or destroyed must be returned to the county clerk's office.

Photocopying Completed Applications: A voter's date of birth and full Social Security Number MUST BE redacted before copying any application. It is unlawful in New Mexico to copy this information.

Submitting Completed Applications: Completed certificates of registration must be delivered to the Secretary of State or [county clerk](#) **within 48 hours of completion by the applicant**. If the appropriate office is closed during that period, they must deliver it on the next business day.
